

# The all-in-one kit for pro quality oil drain plug washers and gaskets

SMART-O oil drain/sump plug washers are precision made to ideally fit and seal SMART-O or regular oil drain plugs/sump plugs.

- For one time use only – washer will get crushed and flattened out
- Washers should always be replaced to maintain accurate torque of the plug.
- Replacing washers with every oil change is standard industry practice.

The SMART-O washer program offer a more complete part solution and generates profit in the supply chain alongside sales of plugs:

- Industry standard aluminum washers and polymer gaskets
- Washer assortment kit for professional workshops (240 pcs apx.)
- Replacement washer boxes / and packs (20 pcs/bag - 200 pcs total, to refill the case)

20pcs / bag

Protecting your engine and the environment
