17 plug types / 51pcs in total

SMART-O® stands for an innovative and more responsible oil drain plug and oil change solution. While utilizing a high-performance sealing technology and patented anti-leak and anti-vibration mechanism, helps to protect the engine and oil pan, reduces installation time, reduces business risk and environmental pollution. It's not just a part but a solution, engineered for serious professionals and car enthusiasts.

US Patented Innovation

A more responsible oil change solution
